

# Pearson VUE Professional Centers Information

## [View Helpful Resources for Test-takers](#)

**Photo Tour** - The gallery of photos introduces you to the physical layout of the testing centers as well as the check-in procedures.

**Service Animals** - Per the American with Disabilities Act (ADA) law, service animals are allowed in Pearson VUE testing centers without prior notification. According to the ADA, a "service animal is defined as a dog that has been individually trained to do work or perform a specific task for an individual with a disability. The task(s) performed by the dog must directly relate to the person's disability." Emotional support animals are not covered under the ADA law and require an accommodation request.
